MICRO-SURFACE

FINISHING PRODUCTS, INC.

INCREASE REVENUES BY OFFERING THESE DIVERSE SERVICES!

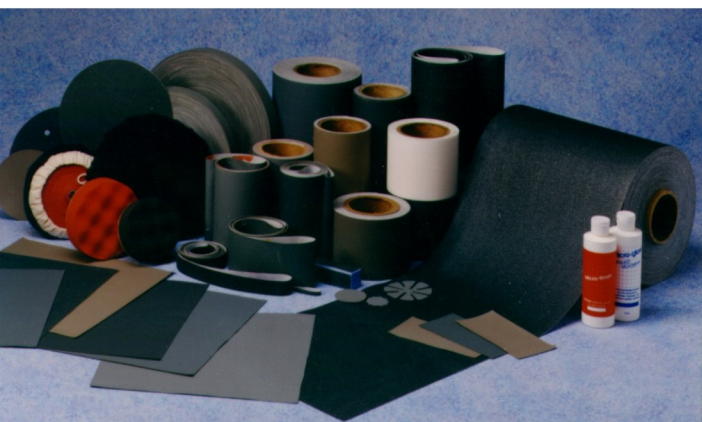

Micro-Surface will provide you with all the products you need for offering new, unique services. Gain your customer's trust and loyalty by saving them money in replacement costs!

ACRYLIC RESTORAL SERVICES: Buffing and polishing, haze and swirl removal, and deep scratch removal. For windscreens, port holes, hatches and doors.

ISINGLASS RESTORAL SERVICES: Buffing and polishing, discoloration rectification, haze and swirl removal, and scratch and scuff removal.

ACHIEVE A BEAUTIFUL FINISH LIKE NEVER BEFORE WITH MICRO-MESH CUSHIONED ABRASIVES!

Originally developed for conservation of fine art, MICRO-MESH will provide significantly finer finishes than those of conventional abrasives, last longer, and either eliminate or minimize buffing steps. MICRO-MESH is perfect for finishing fiberglass and gelcoat, acrylic, wood, metal, coatings, painted surfaces, polycarbonate, and isinglass. Available in rolls, sheets, discs, belts and a variety of specialty kits to fit any need.

MICRO-SURFACE

FINISHING PRODUCTS, INC.

WHY REPLACE WHAT CAN BE RESTORED?

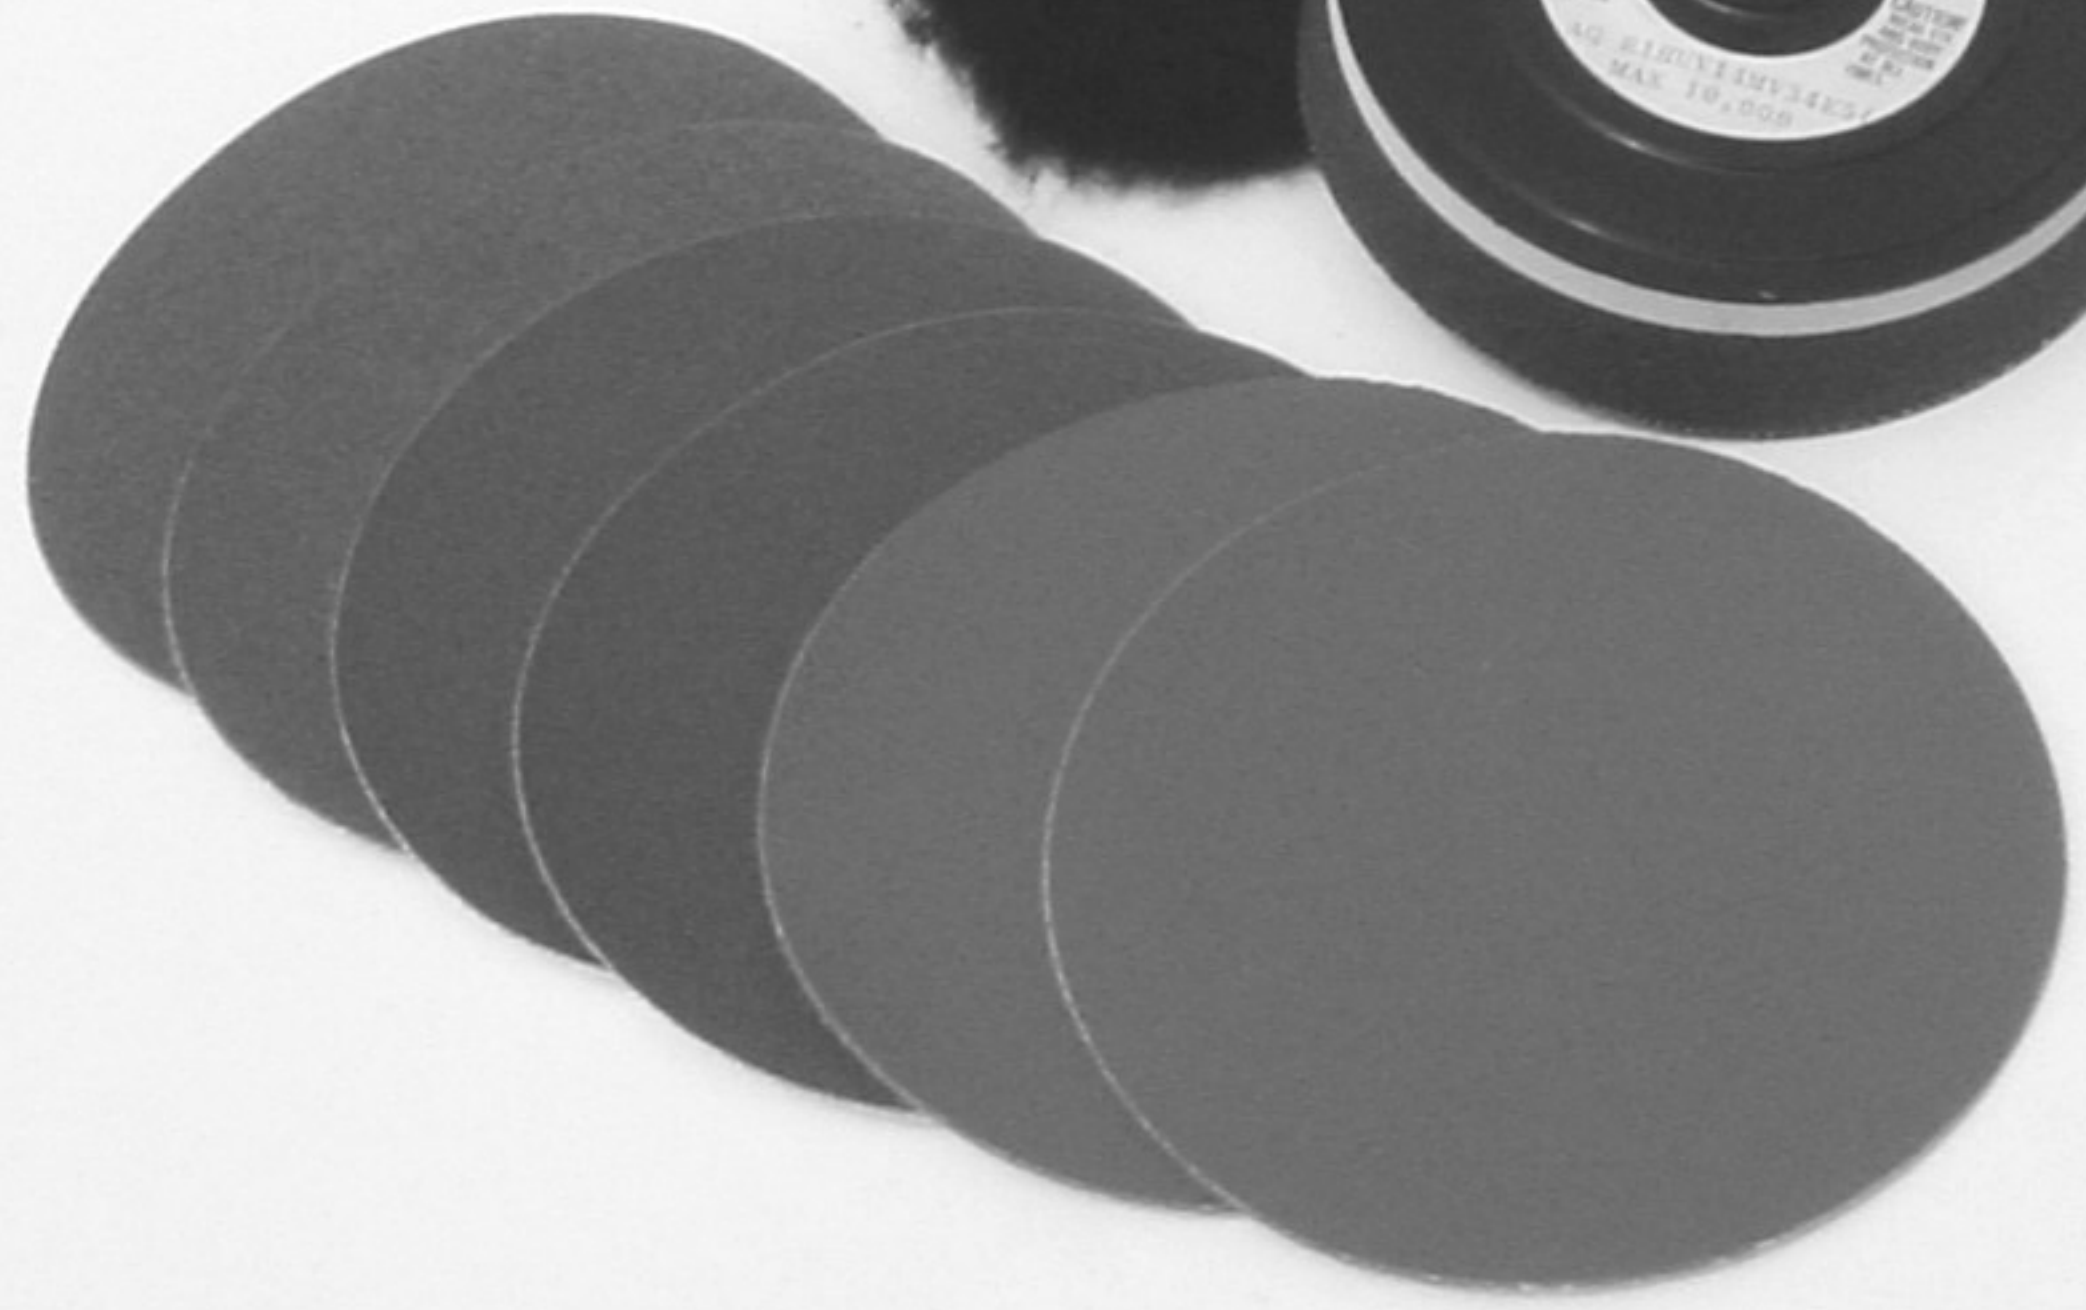

Save money by using the right products for the job!

Easily remove haze and surface scratches. All you need is a cordless drill or rotary buffer and Micro-Gloss™ liquid abrasive, a TufBuf™ lambswool pad and a foam polishing pad.

Once your windows are restored, use Micro-Gloss™ on a regular basis to clean and brighten. Apply by hand with a clean 100% cotton flannel cloth. Micro-Gloss™ is a waterbase compound that does not contain wax or solvents that could damage windows over time.
